

# Contest Entry Form

Use your imagination—and your best comedic skills—to write a caption for the photo on the other side, and give the name of the Behrman House book in which it belongs (real or imaginary). If you like, you can explain how your caption relates to the subject of the book.

## CAPTION

### *Examples:*

1. A dot *above* the letter makes the sound “oh.”
2. To create gefilte fish your guests won’t soon forget, combine 1/2 pound of whitefish, 1/2 pound of pike, and 50-60 live carp.
3. Our tradition teaches that all of God’s creatures, from the smallest insect to the mightiest elephant, deserves *kavod*—care and respect. Except, of course, for carp. They are disgusting.
