

Letter to Parents

Dear Parents,

SHUFFLE IT IN HEBREW PLAYING CARDS are designed to stimulate your child's love of learning Hebrew. The cards will enhance your child's Hebrew skills in a variety of areas, including letter recognition, decoding, word comprehension, and categorization. You can join your child in this entertaining learning experience! The six games described on this fold-out card provide just a few examples of the games you can play. In fact, we suggest that you adapt family favorites or even create your own games. When children have the opportunity to participate in hands-on, experiential learning, they not only remember what they learn, but they build positive memories of the learning process.

Happy playing!
